REQUIREMENT TO REMOVE SECURITY MARKINGS OR OBTAIN A NEW SECRECY ORDER

The secrecy order issued under 35 USC 181-188 in this application has been rescinded. However, such rescission does not permit the automatic removal of security classification markings issued under a foreign treaty agreement. Therefore, the application is continuing to be held in a security status because of security classification markings until the Office receives a clear indication to remove such markings.

Applicant is required to obtain authorization to remove all security markings from the application or obtain a new secrecy order recommendation from the federal agency responsible for applications filed under the Treaty.

If no new secrecy order recommendation or authorization to cancel the security markings can be obtained from the federal agency within two month period for response to this letter, applicant must provide full details of all efforts taken to obtain such information and must, at a minimum, provide the full name, telephone number, office and agency of the relevant security contact person at the federal agency.

**A response providing all information requested above is
due within TWO MONTHS from the mailing of this letter.**
